

Omnia Walk Behind Floor Scrubber

NU32XPASB - 32"

NU26XPASB - 26"

Specification

Battery Type:	6 Volt 235AH, deep cycle
System:	36 Volt total
Length:	32" - 64.9" & 26" - 63"
Width:	32" - 33.4" & 26" - 27.5"
Height:	44"
Weight:	32" - 529 lbs (w/o batteries) 26" - 451 lbs (w/o batteries)
Solution tank:	32" - 28 gallons & 26" - 20 gallons
Recovery tank:	32" - 30 gallons & 26" - 23 gallons
Drive:	Variable speed, 0 -2.8 mph, transaxle drive
Construction:	Rotationally molded polyethylene Powder coated steel
Warranty:	12 - 3 year warranty
Includes:	6 6 volt batteries Fully automatic battery charger 32" 2 - 16" pad drivers 26" 2 - 13" pad drivers

Performance

The NuSource Omnia 32XP and 26XP industrial grade automatic scrubbers are designed for applications where maximum scrubbing power and pad pressure is required. The 36 volt battery system provides up to 4.5 hours of scrubbing or heavy duty stripping per charge. 220 RPM brushes and 185 lbs of head pressure power out the toughest dirt and grime.

Size Options

The 32" Omnia has a 28 gallon solution tank and 30 gallon recovery tank, while the 26" has a 20 gallon solution tank and 23 recovery tank. A transaxle drive motor powers the rear anti slip wheels through stripping solution or any type of cleaning operation. Four different head pressure settings will give consistent performance daily.

Squeegee

The squeegee assembly oscillates to track and respond to every movement of the machine so the surface is perfectly dry and immediately usable. Squeegee adjustments are simple and do not require any tools. The quick replacement 4 sided squeegee is available in many different hardnesses for different types of floors or chemical uses.
